

# Your Reliable Partner for Infor ERP Integrations

HubKor is a cloud-based integration platform that sync tightly between many best-of-breed Cloud applications to Infor cloud and On-prem ERP Solutions.

paperlessPARTS is the leading software solution for quoting and collaboration in the manufacturing industry. Our innovative, patented technology simplifies the quoting process by unifying every step into one centralized platform, helping custom part manufacturers boost efficiency and accuracy while reducing complexity.

### Integration Overview

Effortlessly sync financial data from Infor ERP to Paperless Parts with a seamless one-way integration, streamlining your financial processes and improving operational efficiency.

### API Extraction of Configured Items

Automatically extract configured item, routing, and BOM data from Paperless Parts.

### API to Post Data to Syteline Job

Efficiently post extracted data into Syteline job orders (Make to Order).

### Optional Integration with Q-Build Product

Optional integration with Q-Build Product for further enhanced product management and flexibility.

## Services Provided

- Hosted on the AWS platform for unmatched **scalability, reliability, and security**, or available on-premises to suit your unique business requirements.
