

Your Reliable Partner for Infor ERP Integrations

HubKor is a cloud-based integration platform that sync tightly between many best-of-breed Cloud applications to Infor cloud and On-Prem ERP Solutions.

shopify is a comprehensive e-commerce platform that enables merchants to create and customize online stores while selling across multiple channels, including web, mobile, and physical locations. It provides independent business owners with the tools to start, run, and grow their businesses both online and in-store.
