

# Direct Shipment sync from SyteLine to SFDC

SyteLine

Create a Direct Shipment for an Order in SyteLine.  
**Note:** The selected Order must already exist in SFDC and have a status of "Ordered".

Direct Shipment Header and Line are received in HubKor and posted to SFDC

SyteLine Shipment and Shipment Line are synced to SFDC with the Record Type "SyteLine Direct Shipment," and External ID is populated from Syteline
